论坛介绍

中国企业家思想交流平台

亚布力中国企业家论坛是企业家思想交流平台，始终坚持正能量、创造性、建设性，并将“帮助和关心更多新兴企业和企业家的成长、促进企业家成为社会和国家重要的建设力量”作为一贯宗旨。

目前亚布力论坛是全国工商联直属团体会员！

出身——草根、民间、市场

2001年正月十五，一群来自民间的草根企业家相聚亚布力，组建起了一个属于他们自己的舞台，中国企业家论坛。二十余年来，作为独立机构，它始终坚持发出企业家们来自民间的、最真实的声音，没有包装，没有修饰。这吸引了一大批企业家、学者的到来，而这种吸引将会一直持续下去。

形式——开放、休闲、多元

在这里，他们不必西装革履，不必谨言慎行。相反，他们既可以唇枪舌剑，也可以雪上争锋；既可以在各分会场自由出入，甚至参与讨论，也可以与三五好友，静待一隅，在咖啡的浓香中探讨企业经营之道。

精神——平等、包容、责任

这里没有大佬。企业家畅所欲言。任何人都可以对他人的观点持异议，也可以在他人的异议下据理力争。企业家不分行业、不分区域、无论大小，以推动经济发展为己任，聚焦新课题，共谋新发展。

价值——学习力、驱动力、思想力

从经营理念到人生价值观，从现实考量到历史总结，从个人目标到社会使命，中国企业家关注并思考着企业发展的每一个细节。而在这里，他们分享自己的种种思考，也在交流中总结他人可资借鉴的成功之道，寻找自身企业经营的短板，进而在年复一年的交流与辩论中成长为最有思想力的企业家。

ABOUT FORUM

CHINESE ENTREPRENEUR IDEA EXCHANGE PLATFORM

Yabuli China Entrepreneurs Forum is a platform for the exchange of entrepreneurial ideas. It has consistently upheld the principles of positivity, creativity, and constructive thinking, with the consistent aim of "assisting and caring for the growth of emerging enterprises and entrepreneurs and promoting entrepreneurs as an important force in society and the nation. The Yabuli CEF is a member of the All-China Federation of Industry and Commerce, which is directly affiliated.

ORIGIN — GRASSROOTS, COMMUNITY-ORIENTED, MARKET

On February 7th of 2001, a group of grassroots entrepreneurs convened in Yabuli to build a platform to share their thoughts and expertise, which grew to become Yabuli CEF. Over the past two decades, as an independent institution, Yabuli CEF has consistently amplified the most genuine voices of entrepreneurs. It has attracted a large number of entrepreneurs and scholars to join, and this appeal will continue on for decades to come.

FORM — OPEN, CASUAL, DIVERSIFIED

Yabuli CEF provides a space where formalities in dress and speech are omitted, and where all members can engage in casual conversations or heated debates, freely enter or exit venues, and discuss business with friends and colleagues over a cup of coffee.

IDEALS — EQUAL, INCLUSIVE, RESPONSIBLE

Members of Yabuli CEF are not restricted by authority or ultimate truths. Instead, they are encouraged to address their disagreements, persuade their oppositions, challenge their peers, and communicate their opinions. Regardless of their industry, region, or business size, entrepreneurs take promoting economic development as their mission. They focus on new issues and collaborate on new development.

VALUE — LEARNING, DRIVING FORCE, THOUGHT

From business concepts to personal values, from practical considerations to past experiences, and from personal goals to societal objectives, Chinese entrepreneurs seek to understand every aspect and detail to the development of a successful business. At Yabuli CEF, the platform is set for them to share their thinking, learn from the stories of others, identify their own strengths and weaknesses, and grow to be more knowledgeable and thoughtful leaders in their fields year after year.

青年论坛

随着互联网时代的到来，从传统行业到新兴行业都纷纷加入互联网的大潮中，甚至有人说一切行业都将互联网化，而80、90后恰恰是最熟悉互联网的一代。从PC到智能手机，青年一代见证了移动互联网的发展，拥有最直接的感观和体验，具备最新颖的思维和视角。“独立思考、敢于颠覆”是青年一代的标志。

青年一代普遍接受过良好的高等教育，具有全球化思维，在市场经济的竞争环境中对于行业趋势把握和企业创新变革有着不同于老一辈企业家的独到见解。

步入社会后，青年一代创业者受到了资本市场的高度关注，逐渐成为各行各业的创业主力军，为经济和社会发展贡献重要力量。

亚布力中国企业家论坛持续关注青年一代的企业家，在每年的亚布力论坛年会、夏会议上都设有专门的分论坛，邀请各路青年才俊，一同探讨新时代下的创业思路与机遇。

为了给青年一代提供更多的交流机会和展示舞台，让创新思维之花在青年一代中盛开，为社会发展凝聚更强的动力，亚布力青年论坛应运而生。

YOUTH FORUM

With the advent of the Internet era coming, both traditional and emerging industries have joined the wave of Internet. Some even claim that every industry will become Internet-based, and the generation born in the 1980s and 1990s happens to be the most familiar with the Internet. From the PC to the intelligent mobile phone, the younger generation has witnessed the development of mobile Internet, providing them with the most direct sensory experiences and equipping them with innovative thinking and perspectives. "Independent thinking and daring to challenge" are the hallmarks of this younger generation.

The young generation generally received good education, and possesses a global mindset. In the competitive environment of the market economy, they have unique insights into industry trends and business innovation that differ from the older generation of entrepreneurs.

After stepping into the society, young generation of entrepreneurs has been highly concerned by the capital market. They gradually become the main force contribution of entrepreneurship in various industries, contributes an important force for economic and social development.

The Yabuli China Entrepreneurs Forum continues to focus on young entrepreneurs every year on the Yabuli CEF annual conference. Yabuli Summer Summit has a dedicated sub forum that set for the young talents to discuss business ideas and opportunities in the new era.

In order to provide the young generation more opportunities for exchange and and showcase their innovative thinking, allowing the flowers of innovation to bloom among the younger generation, and to generate greater momentum for social development, the Yabuli Youth Forum has emerged.

YABULI GROWTH PLAN

Yabuli Growth Plan is an entrepreneurial growth platform focuses on high-quality learning. On the occasion of the 20th anniversary of the establishment of the Yabuli China Entrepreneur Forum, under the care and guidance of the All-China Federation of Industry and Commerce, along with all the directors of Yabuli CEF in the spirit of helping the new generation of entrepreneurs, we have polished the practice of social responsibility, the unique thinking and wisdom of outstanding Chinese entrepreneurs into lessons.

Yabuli Growth Plan takes the mission of "empowering entrepreneurs to grow continuously and making more brilliant entrepreneurs stand out". Focusing on "real needs" and "practical confusion", we learn the "way of entrepreneurship" from outstanding Chinese entrepreneurs. We help the new generation of entrepreneurs realize their own growth and transformation, and empower them from good to great.

成果

ACHIEVEMENTS

许多年来，主流媒体经常有意无意地曲解、遮蔽、遗漏企业家的声音，大众总是在一个不周全的位置，接受不完整的企业家信息。只有在亚布力的冰天雪地中，企业家才真正回到民间、回到真实、回到自我。

正是基于这样的特点，我们本着“记录”的宗旨，记录下了中国企业家们对从经营理念到人生价值观，从现实考量到历史总结，从个人目标到社会使命等方方面面的思考与探索，希望能凭借这一系列丛书为中国企业界的领导者群体提供参考和启发。

而这也是我们的白皮书系列、企业思想家系列、九二派应运而生的价值所在。

For many years, the main stream media has often misinterpreted, hidden or missed the voices of entrepreneurs both deliberately or unintentionally. People have been put on a position where they cannot get hold of the comprehensive information. Only at Yabuli, entrepreneurs can truly return to authenticity, and to themselves.

Based on this character, we hold the purpose of “recording”. We recorded the thinking and exploration of those Chinese entrepreneurs, from management philosophy to values of life, from measurements of the current to the summary of the past, from their personal goals to community responsibilities. We hope that this series of books could provide the leaders of current Chinese business world with more in-depth references and inspirations.

And this is also our original intention to produce the white paper series, the entrepreneur philosophy series and the 92's series.
